

English

As **Authors**, we will use 'The Lost Thing' written by Shaun Tan as a stimulus for exploring the issues and dilemmas of technological advancement.

We will write our dilemma piece and will consolidate our previous learning about balanced arguments and instruction writing.

SEAL Theme

As learners we will have high expectations of ourselves and will demonstrate resilience and perseverance.

Maths

As **Mathematicians**, we will continue to develop our fluency, reasoning and problem solving skills. In particular, we will consolidate our proficiency in using multiplication and division strategies.

We will also learn how to make connections and apply our knowledge of multiplication and division to Fractions.

Rise of the Robots

Term 3 Year 4

Theme

As **Designers**, we will create works of art that are inspired by the designer William Morris.

As **Musicians**, we will develop our sense of rhythm and pulse through digital and mechanical soundtracks.

Science

As **Physicists**, we will explore the concept of electricity, learn about electrical components and classify conductors and insulators.

Languages

As **Linguists**, we will continue to practise speaking, reading and writing in Spanish.

RE

As **Theologists**, we will consider and discuss whether a holy journey is necessary for believers.

PE

(Y4H) As **Dancers**, we will explore the theme of robots through the genre of street-krump.

(Y4A) As **Sports People**, we will use our multi-skills in team games.

Computing

As **Computer Programmers**, we will design, write and debug programs and use logical reasoning to explain how some simple algorithms work, using the Scratch programme.
